

**MICCAI 2016 Satellite Events Joint Call for
Contributions (Papers, Challenge Submissions) and
Participation in Satellite Events (Workshops, Challenges, Tutorials)**

Dear colleagues,

MICCAI 2016 conference, to be held in Athens, Greece, will host 37 workshops, challenges and tutorials on focused aspects related to Medical Image Computing and Computer Assisted Interventions on October 17th and 21st, 2016.

We invite you to submit papers, challenge results and to participate in these events. Although exceptions may happen, most submissions deadlines are around mid-June, with an author notification of acceptance towards the end of July. **The exact deadlines of each event will differ and will be available at the respective event's own web site.** The list of MICCAI 2016 Workshops / Challenges / Tutorials can be found at the Satellite Events page of the MICCAI 2016 official website (www.miccai2016.org), where links to individual websites are also available. Proceedings/material of all workshops/challenges/tutorials will be distributed to participants on a USB memory.

We invite you to participate in these high profile events which offer unique opportunities for in-depth discussions, benchmarking your research output and up-to-date training on contemporary topics.

Questions related to specific events should be directed to the respective event's organizers. For all other questions and inquiries, please contact the MICCAI 2016 Satellite Events committee at satellites@miccai2016.org.

Best regards,

Burak Acar, Evren Özarlan, Devrim Ünay and Tom Vercauteren
